RESOLUTION 2025-6

A RESOLUTION TO INCREASE THE WATER AND SEWER RATES FOR THE YEARS 2026 THROUGH 2031 FOR THE TOWN OF RYE, STATE OF COLORADO

WHEREAS, pursuant to § 32-1-1001(1)(h), C.R.S., the Board of Trustees of the Town of Rye is empowered with the management, control, and supervision of all the business and affairs of the Town of Rye; and

WHEREAS, pursuant to § 32-1-1001(1)(m), C.R.S., the Board of Trustees is authorized to adopt, amend, and enforce bylaws and rules and regulations not in conflict with the constitution and laws of Colorado for carrying on the business, objects, and affairs of the Board and the Town of Rye; and

WHEREAS, public notice of the Resolution and public meeting was made on September 4, 2025, September 11, 2025, and September 18, 2025, in the Greenhorn Valley Newspaper and on the Town of Rye website Facebook page, above and beyond the requirements of C.R.S. 31-16-106; and

WHEREAS, the Board of Trustees met on September 10, 2025, for the Regular Monthly Meeting and September 24, 2025, for a Work Session to provide the Resolution and Colorado Rural Water RevPlan Water and Sewer Rate Assessment. At which, the Board discussed the importance of increasing the water and sewer rates for the years 2026-2031 to cover water and sewer treatment debt service and for operating and maintaining the infrastructure; and

WHEREAS, the Board of Trustees voted unanimously on October 8, 2025, to enact a water and sewer rate increase and amend Resolution 2022-4 to Increase Water & Sewer Rates and Resolution 2023-5 to Establish a Water Conservation Tier Rate; and

WHEREAS, minimum right-to-serve rates, usage rates, conservation tier rates, and efficiency rates structures will be assessed to all properties including vacant and seasonal use properties.; and

NOW THEREFORE, be it resolved by the Board of Trustees of the Town of Rye that Resolution 2025-6 Water & Sewer Rate Increase is hereby adopted in full as follows:

SECTION 1.

Water:

To meet the financial needs of providing water to our residents the following water right-to-service rate changes are proposed for the years 2026 -2031 to include a 4% increase per year:

Meter Size	Yr.2026	Yr.2027	Yr.2028	Yr.2029	Yr.2030	Yr. 2031
¾"	\$69.32	\$72.09	\$74.97	\$77.97	\$81.09	\$84.33
1"	\$80.96	\$84.20	\$87.57	\$91.07	\$94.71	\$98.50
1.5"	\$92.72	\$96.42	\$100.28	\$104.29	\$108.46	\$112.80
2"	\$126.18	\$131.23	\$136.48	\$141.94	\$147.62	\$153.52

In addition to the water right-to-serve rate, the following usage rate changes are proposed per gallon (p/g) for the years 2026 -2031 to include a 3% increase per year:

Meter Size	Yr.2026	Yr.2027	Yr.2028	Yr.2029	Yr.2030	Yr. 2031
¾"	\$.00311 p/g	\$.00320 p/g	\$.00330 p/g	\$.00340 p/g	\$.00350 p/g	\$.00361 p/g
1"	\$.00334 p/g	\$.00344 p/g	\$.00354 p/g	\$.00365 p/g	\$.00376 p/g	\$.00387 p/g
1.5"	\$.00354 p/g	\$.00365 p/g	\$.00376 p/g	\$.00387 p/g	\$.00399 p/g	\$.00411 p/g
2"	\$.00416 p/g	\$.00428 p/g	\$.00441 p/g	\$.00454 p/g	\$.00468 p/g	\$.00482 p/g

The following water usage conservation tier rates will remain unchanged for excessive water usage and the water usage conservation tier rates will be applied when the water usage exceeds the following:

3/4" Meter Usage Rate	
Usage/Gallons	Usage Rate
20,000+	\$.020 p/g used

1" Meter Usage Rate	
Usage/Gallons	Usage Rate
30,000+	\$.020 p/g used

1 1/2" Meter Usage Rate	
Usage/Gallons	Usage Rate
40,000+	\$.020 p/g used

2" Meter Usage Rate	
Usage/Gallons	Usage Rate
50,000+	\$.020 p/g used

Example 1: Account 150 has a 3/4" service line and used 4,280 gallons in the month of June 2026. The bill would be figured as follows: 4,280 gal X .00311/gal + \$69.32 right to serve fee = \$82.63 will be billed for water.

Example 2: Account 150 has a 3/4" service line and used 25,000 gallons in the month of June 2026. The bill would be figured as follows: 19,999 gal X .00311/gal + 5,001 gal X .020/gal + \$69.32 right to serve fee (base rate) = \$231.54 will be billed for water.

The Town of Rye has identified customers with **multiple efficiency units*** receiving water through a single meter associated with the property and the rates will remain unchanged. The principal connection will be charged per month based on meter size rate, plus usage, AND plus an additional fee of \$40.00 for each efficiency unit on that property that is served by the property's single meter.

Sewer:

To meet the financial needs of providing sewer services to our residents the following sewer right-to-service rate changes are proposed for the years 2026 -2031 to include a 10% increase per year:

Meter Size	Yr.2026	Yr.2027	Yr.2028	Yr.2029	Yr.2030	Yr. 2031
3/4", 1", 1.5", 2"	\$32.60	\$35.86	\$39.43	\$43.37	\$47.71	\$52.48

In addition to the sewer right-to-serve rate, the following water consumption average fee changes are proposed for the years 2026 -2031 to include a 3% increase per year:

Meter Size	Yr.2026	Yr.2027	Yr.2028	Yr.2029	Yr.2030	Yr. 2031
3/4" & 1"	\$.0052 p/g	\$.0054 p/g	\$.0056 p/g	\$.0058 p/g	\$.0060 p/g	\$.0062 p/g
1" & 2"	\$.0072 p/g	\$.0074 p/g	\$.0076 p/g	\$.0078 p/g	\$.0080 p/g	\$.0082 p/g

Sewer usage charges are determined yearly for each customer by averaging individual water consumption for the months of December, January, and February and adding the right to serve sewer rate. The months of December, January, and February are used to determine the average water consumption because water usage is generally at the lowest per individual customer.

Example: Account 150 has a 3/4" meter and averaged 2,160 gal of water consumed for the months of Dec., Jan., and Feb. 2,160 gal X .0052/gal + \$32.60 right to serve fee = \$43.83. Account 150 would know their sewer fee would be \$43.83 each month for the entire year.

The Town of Rye has identified customers with **multiple efficiency units*** that are connected to the town sewer main through one connection and the rates will remain unchanged. The principal connection will be charged per month based on meter size rate, plus usage average, AND plus an addition fee of \$15.00 for each efficiency unit on the property that is served by the property's single sewer main connection.

For sewer billing purposes, water consumption for Dec., Jan., and Feb. will be recalculated yearly in the month of February to be used in the following year. The new water and sewer fees will appear in the January billing of each year, beginning in 2026.

Definition:

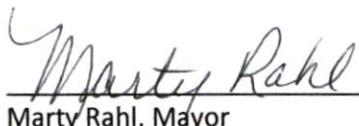

Efficiency Unit is any unit in addition to the principal connection (i.e. multiple connections on the same line). Additionally, efficiency units have not been permitted since Ordinance 2020-9 "Ordinance to Require Water/Sewer Tap for Every Single-Family Home and Commercial Residential/Multi-Family Properties to Require Board Approval for Water and Sewer Taps Prior to Construction Beginning" was enacted on May 13, 2020.

SECTION 2. The Town of Rye authorized personnel are directed and authorized to perform any and all acts consistent with the intent of this Resolution to effectuate the policies and procedures described herein.

SECTION 3. This Resolution shall become effective October 8, 2025, and the Town Clerk is instructed to increase the water and sewer rates upon adoption of this Resolution starting on January 1, 2026, through December 31, 2031.

SECTION 4. If any provision of this Resolution shall be determined to be invalid, inoperative, or unenforceable, such determination shall not affect any other provision or provisions of this Resolution or render same invalid, inoperative, or unenforceable to any extent whatsoever.

ADOPTED this 8th day of OCTOBER 2025.

Marty Rahl, Mayor

Jocelyn Ensley, Town Clerk

I(We) understand this application will be presented to the Town of Rye Board of Trustees for approval and that no connection or construction can begin until the Board has approved this application. I(We) further understand that all applicants will furnish all additional information about the premises such as, building plans, planned efficiency units, and licensed and insured contractors that will install service lines, and that such information will be submitted with the application before the application will be reviewed.

I(We) understand that any person who makes, causes, permits, solicits, aids, or abets any other person to make or cause any connection to the Town water or sewer system without proper approval from the Town of Rye Board of Trustees therefor is subject to a civil penalty in an amount equal to twice the amount of the service tap fee for the connection made.

I(We) understand that if this application is approved all fees must be paid within forty-eight (48) business hours from the date of approval. If fees are not paid, this application becomes void, and the approved service tap forfeited.

I(We) understand that all costs incurred to connect the water or sewer service line from the premises to the main service line will be at the expense of the applicant and that the premises owner will be responsible for the water and sewer service lines to the main service line. The Town of Rye is responsible for the main service line.

I(We) understand that if water or sewer service connection is not made to the main line within ninety (90) days from the date of approval unless extension of time is granted, the permit shall expire and become void, the fees paid shall be refunded in full and the approved service tap forfeited. Each license may be extended for up to an additional ninety days (90) upon approval by the Town of Rye Board of Trustees, such approval for an extension would need to be determined prior to the ninety (90) day expiration date.

I(We) understand that each approved service tap in the Town of Rye applies only to the premises and is not deemed in any sense to be personal property. No license may be transferred from one (1) premises to another without written approval from the Town of Rye Board of Trustees, but the license shall be deemed to follow any transfer or sale of the fee ownership of the licensed premises.

I(We) understand that any applicant whose approved service tap expires may reapply and said application will be considered a new application for service, requiring all application information to be resubmitted. Said resubmission of the application is not guaranteed for approval.

I(We) understand that all approved water or sewer service lines must be connected to the main line and may not be connected to a preexisting or neighboring connection line without Board approval. The Town of Rye will hire a licensed and insured third-party to perform the official connection between the main service line and the approved applicants service lines, installed by the applicants licensed and insured contractor from the premises therein.

I(We) understand that water tap fees are \$5,000.00, to include cost of yoke, dome, and pit. Upgrade fees are \$2,500.00 from $\frac{3}{4}$ " meter up to 2" meter. Sewer tap fees are \$5,000.00. I(We) further understand that all upgrades must be approved by the Town of Rye Board of Trustees for all existing accounts prior to connection and construction and upon approval must be paid within forty-eight (48) business hours of approval prior to new parts and meters being ordered.

I(We) understand the current water and sewer service rates, usage rates and efficiency rates will be charged to the water and sewer account of the owner following the official water or sewer connection that has been made from the premises therein to the main line each month.

2067 Main St. Rye, CO — P.O. Box 236 Rye, CO 81069 — 719-489-2011 — jensley@rye.colorado.gov — townofrye.colorado.gov

I(We) understand that water and sewer right to serve service fees, usage fees and efficiency fees will not start until the official connection has been made from the premises to the main line.

I(We) understand that any tap requiring extraordinary expense for installation shall be an additional fee charged to applicants for the actual expense incurred by the Town for installing the tap.

I(We) understand that only Town of Rye personnel are authorized to open water meter vaults to turn water on and/or off unless approval from Town of Rye authorized personnel is given, including emergency situations.

I(We) understand that the Town of Rye may revoke any approved water or sewer service tap, before or after the tap is connected and activated, upon a determination that the application contained false or inaccurate information and, but for such misinformation, the application would have been denied when made, or for any other reason determined by the Board of Trustees for the Town of Rye.

I(We) understand the Town reserves the right to deny any application for service when, in the opinion of the Board, the service applied for would create an excessive demand on the facilities and/or financial burden to the Town. Denial may also be based upon an unresolved obligation between the Town and the Applicant, inadequate documentation of easements for main lines serving the property, or such other reasons as determined by the Town of Rye Board of Trustees.

I(We) further understand that a \$15.00 late fee will be assessed monthly if the water and sewer account is not paid by the second to last business day of the month. If the water or sewer service account reaches 61+ days overdue, a notice for suspension of service for nonpayment will be placed on the front door of the premises. The owner will have five (5) business days to make payment in full or the water and sewer services will be suspended. To restore service, the total amount due plus a \$200.00 fee must be paid. If by the month of September, the account is still delinquent, the delinquent fees account will be given to the attorney for the Town of Rye to file a lien on the premises with Pueblo County. Upon acceptance of the lien from Pueblo County, the meter will be pulled and the right to serve service fees, usage fees and efficiency fees will cease. The owner forfeits the water and/or sewer service tap(s) which will then require reapplication in full for a new water tap and/or sewer tap services.

I(We) understand that water and/or sewer tap fees are subject to change per Board approval at any time.

I(We) understand that water and/or sewer right to serve rates, water and/or sewer usage rates, and water and/or sewer efficiency rates are subject to change per Board approval at any time.

APPLICATION DATE RECEIVED:

INVOICES/PROOF OF REPAIR ATTACHED: YES / NO

YEARS USED FOR AVERAGE ADJUSTMENT	ANNUAL AVERAGE PER YEAR	THREE YEAR AVERAGE TOTAL TO BE USED FOR ADJUSTMENT MONTH(S)

For a water usage rate adjustment for up to a two-month billing period, the Town will modify the water usage based on a three-year average of the period during which the leakage occurred at the specified account address.

TAP FEES:

Water tap fees are \$5,000 (to include cost of yoke, dome, and pit). Upgrade fees will be \$2500.00 (i.e., from $\frac{3}{4}$ " meter to 1 $\frac{1}{2}$ " service), payable prior to new meter and parts being ordered. Sewer tap fees are \$5,000.

WATER & SEWER TAPS:

Moratorium was lifted on water and sewer taps. This will be discussed on a case-by-case basis at a board meeting. Minutes 4/18/13.

WATER PITS & YOKES:

The Town of Rye will keep on hand two meters. Work needs to be done by a qualified person (certified plumber) by the Town of Rye. Minutes 4/10/02. Pits and yokes will be at no cost when the \$5,000 new meter tap fee has been paid in full.

CUSTOMER RESPONSIBILITY & MAINTAINANCE:

Each customer shall be responsible for maintaining the entire length of the service line serving his or her property. Leaks or breaks in the service line shall be repaired by the property owner within 7 business days of obtaining knowledge of the leak or from the time of notification of such condition by the Town. If satisfactory progress toward repairing said leak has not been completed within the time period allowed or if an emergency situation is deemed to exist, the Board of Trustees or designee, shall shut off this service until the leak or break has been repaired. In addition, the Town of Rye shall have the right to effect the repair and collect the cost therefore from the customer. Such cost shall constitute a perpetual lien against the property of such customer securing payment of such cost, whether or not such lien against the property is formalized.

ADJUSTMENT FOR WATER BREAKS & LEAKS:

In the event of a water break or leak, the customer shall provide an invoice and/or proof of repair and a completed Water Usage Adjustment Application to the Town in order to be considered for a water usage adjustment by the Board of Trustees. For a water usage adjustment for up to a two-month billing period, the Town will modify the water usage billing based on a three-year average of the period during which the leakage occurred at the specified account address. The Town will only approve a water usage adjustment application once per year, per specified account address. A water usage adjustment application will not be considered or approved for more than a two-month billing period.

WORK ON PRIVATE PROPERTY:

The Town of Rye Water and Sewer customers will be responsible for the water and sewer lines to the main line. The Town of Rye will be responsible for the main line.

9/12/13. Water leaks and/or water breaks that are detected on Town of Rye property will be assessed by excavation when necessary and if said water breaks are determined to be on private property owners damaged service line then the responsible property owner will be notified by the Town Clerk that any damaged service lines will be capped to prevent water loss until repaired by the responsible private property owner. 5/10/23.

RECONNECT SEWER SERVICES:

Property owners, at their expense, will need to use an appropriate licensed contractor to reconnect sewer service. Minutes 6/13/2011 but see 3/14/2011 for precedent.

WATER & SEWER PAYMENTS & DELINQUENCIES:

Late Fee – A \$15.00 late fee will be assessed monthly if the total Water & Sewer Service Billing Statement is not paid by the seventh business day before the last business day of the following month. (Example: March billing is done on the last business day of the month and would be due seven business days prior to the last business day of April).

Past Due Accounts – When an account reaches 61+ days overdue, A Notice of Disconnect for Nonpayment will be hung on the resident's front door that states "To Whom It May Concern: The Town of Rye has been forced to disconnect the water service for the property located at **** in Rye, Colorado, for nonpayment. Our policy clearly states that any account that is 61+ days overdue will be disconnected. Prior to water service being restored, the owner (or new property owner) must pay the current balance plus \$200 (\$100 each for the disconnect fee and for the reconnect fee). This entire balance must be paid with Money Order or Cash to the Town Clerk prior to the restoration of service. You may make payment via US Postal Service at PO Box 236, Rye, CO 81069, or feel free to drop your payment inside the drop box at the Town Hall at 2067 Main Street, Rye, CO 81069. To avoid having your water service suspended and the imposed \$200 in fines, please remit your payment in full within five business days of the date of this notification." During the time that water service is suspended, there will be a right-to-serve fee assessed as well as a late fee each month until the account is up to date. If, by the following September, the account is not up to date the property will be turned over to the attorney for a lien to be filed with Pueblo County. Upon acceptance of Pueblo County, the meter will be pulled, and right-to-serve fees will be stopped. The cost to have the new meter installed will be \$5,000 as a new tap fee.

Accounts in Good Standing – A \$25.00 fee will be charged for water disconnect and a \$15.00 fee charged to reconnect.

Liens – A lien will be filed against the resident's property when accounts become 90 days past due. Per attorney, if, by the following September 1, the account is not up to date the property will be turned over to the attorney for a lien to be filed with Pueblo

County Treasurer. Upon acceptance of Pueblo County, the meter will be pulled, and right-to-serve fees will be stopped. The cost to have the new meter installed will be \$5,000 as a new tap fee.

Discounts- No discounts allowed. Minutes December 8, 2008.

Ordinance and Resolution Violation Fees Payment Plans- Payment plans may be requested by account holders who are assessed violation fees for non-compliance with Ordinance and Resolution Violations by the Board. All requests by account holders for a payment plan to be established by the Board must be made in person and will be reviewed and approved on a case-by-case basis. If the account holder defaults on such approved payment plan, the account will immediately be considered delinquent and subject to the "WATER & SEWER PAYMENTS & DELINQUENCIES: Past Due Accounts Policy", to include an immediate notice of disconnection letter being issued to the account holder requiring the entirety of the account balance to be paid in full within five (5) business days. For non-payment after five (5) business days, water and sewer services will then be disconnected from the account and all policies, fees, and liens to be assessed therein.

NSF/Stop Payment/Returned Check Fees:

NSF Charge fee \$30.00. Stop Payment fee \$30.00. Returned Check fee \$30.00 Charge – Approved 11/13/2019.

METER READINGS:

A \$25.00 fee will be charged to Town of Rye water customers to have water meters turned on, turned off to inspected for service line leaks. The same fee will be charged to property owners when meters are turned on and/or off when properties are bought and sold. Only Town of Rye personnel are authorized to open water meter vaults to turn water on and/or off. Minutes 9.12.13.

RENTERS:

The Town of Rye bills the water and sewer to the property owners only. Current Renters are grandfathered in to be billed. Once they move, owners will be billed for the water and sewer.

DEPOSITS:

Payments received the previous week need to be deposited by Friday of the following week. Minutes 9.8.97.

BULK WATER HAULING:

Minutes of 3/6/06 prohibits bulk water hauling. Failure to comply will result in discontinuance of water and a \$100 fine.

TRUSTEES & MAYOR:

Trustees & Mayor will be paid \$20.00 per month for each regular meeting and special meeting attended with a cap of \$599.99 annually. They will also be paid for training and work at the Town Hall for the purpose of providing services to the Town. These "honorariums" will be paid at the December regular meeting. Trustees who terminate service will still be paid in full for monthly meetings attended. Minutes 12/7/81. Per CML attorney, the Board can approve an increase in pay for the Board, but it will not go

into effect until a New Board is sworn in. Colorado Statute 31-4-405. No Term Limits as of 4/2/02 election.

ATTENDANCE:

In the event any member of the Board is unable to attend any meeting of the Board, such a member is requested to make a reasonable effort to advise the Mayor or Town Clerk in advance of the meeting. After three consecutive absences, any member of the Board will be asked to relinquish his/her position so an individual with adequate time can serve the Town.
